INTRODUCTION

COURSES FOR ADULTS IN KILKENNY AND CARLOW 2020 - 2021

As the new academic year of 2020 – 2021 evolves, this is often the time when adults begin their journey and consider returning to education or training by engaging in a course locally. If you are one of those adult learners, welcome to the beginning of that journey and welcome back to those returning for the 2020 – 2021 academic year. For those at a point in their life where they are considering options for full or part time education and training, I extend a warm welcome to you in presenting this booklet: **Courses for Adults in Kilkenny and Carlow 2020 – 2021**.

Courses for Adults in Kilkenny and Carlow 2020 – 2021 is one of a number of publications provided by Kilkenny and Carlow ETB's Adult Guidance and Information Service. This booklet provides comprehensive information on the range of educational/training opportunities available to adults throughout the counties of Kilkenny and Carlow. The information included in this publication is divided into different sections and ranges, from hobby/leisure non accredited courses to QQI Level 6 advanced certificates and many options in between. Whether you are starting, returning or seeking to engage in education/training, this booklet is a valuable resource for all adults committed to lifelong learning.

I am grateful to Bernadette O'Rourke, Adult Education Officer and both Adult Guidance and Information Services in Kilkenny and Carlow ETB, for their continued hard work and commitment to ensuring the provision of a professional, person centred and inclusive information and guidance service. This booklet is a representation of this commitment and I hope that you will find it a valuable reference, providing information on course/s which will support you in your journey to return to education and training, upskill, re-skill or simply engage in a hobby or leisure class.

Ar scáth a chéile a mhaireann na daoine.

Martha Bolger
Director of Further Education and Training
Kilkenny and Carlow ETB

OVERVIEW OF KILKENNY AND CARLOW EDUCATION AND TRAINING BOARD

Kilkenny and Carlow Education and Training Board (ETB) is a local education authority, established on the 1st July 2013. Kilkenny and Carlow Education and Training Board is one of 16 ETBs throughout the county. Kilkenny and Carlow ETB provides a comprehensive range of quality education and programmes and supports designed to meet the needs of young people and adults throughout the counties of Kilkenny and Carlow. It is involved in many partnership activities at local level and provides a range of educational supports to enhance the quality of its education programmes. Kilkenny and Carlow ETB values learning and recognises its role in the development, cohesion and wellbeing of society.

Over the years Kilkenny and Carlow ETB has developed a range of educational provision and training to meet the diverse and ever changing needs of learners. Today it runs thirteen second level schools and an extensive Further Education and Training (FET) service.

Further Education and Training offers a wide variety of life-long education options to school leavers and adults throughout Kilkenny and Carlow. This includes apprenticeships, traineeships, post leaving certificate (PLC) courses, VTOS, Youthreach, BTEI, community and adult education, as well as core literacy and numeracy services offered through the Adult Learning Services.

FET courses are provided at Levels 1 to 6 on the National Framework of Qualification (NFQ). The accessibility of FET and the opportunities presented for learners, including job readiness and progression to higher education, are key objectives of further education and training.

Funding for FET courses is provided through SOLAS, the state organisation with responsibility for funding, planning and co-ordinating Further Education and Training in Ireland. Some of our FET courses are co-funded by the European Social Fund, these include BTEI, Adult Literacy, Youthreach and a number of Training Services Programmes.

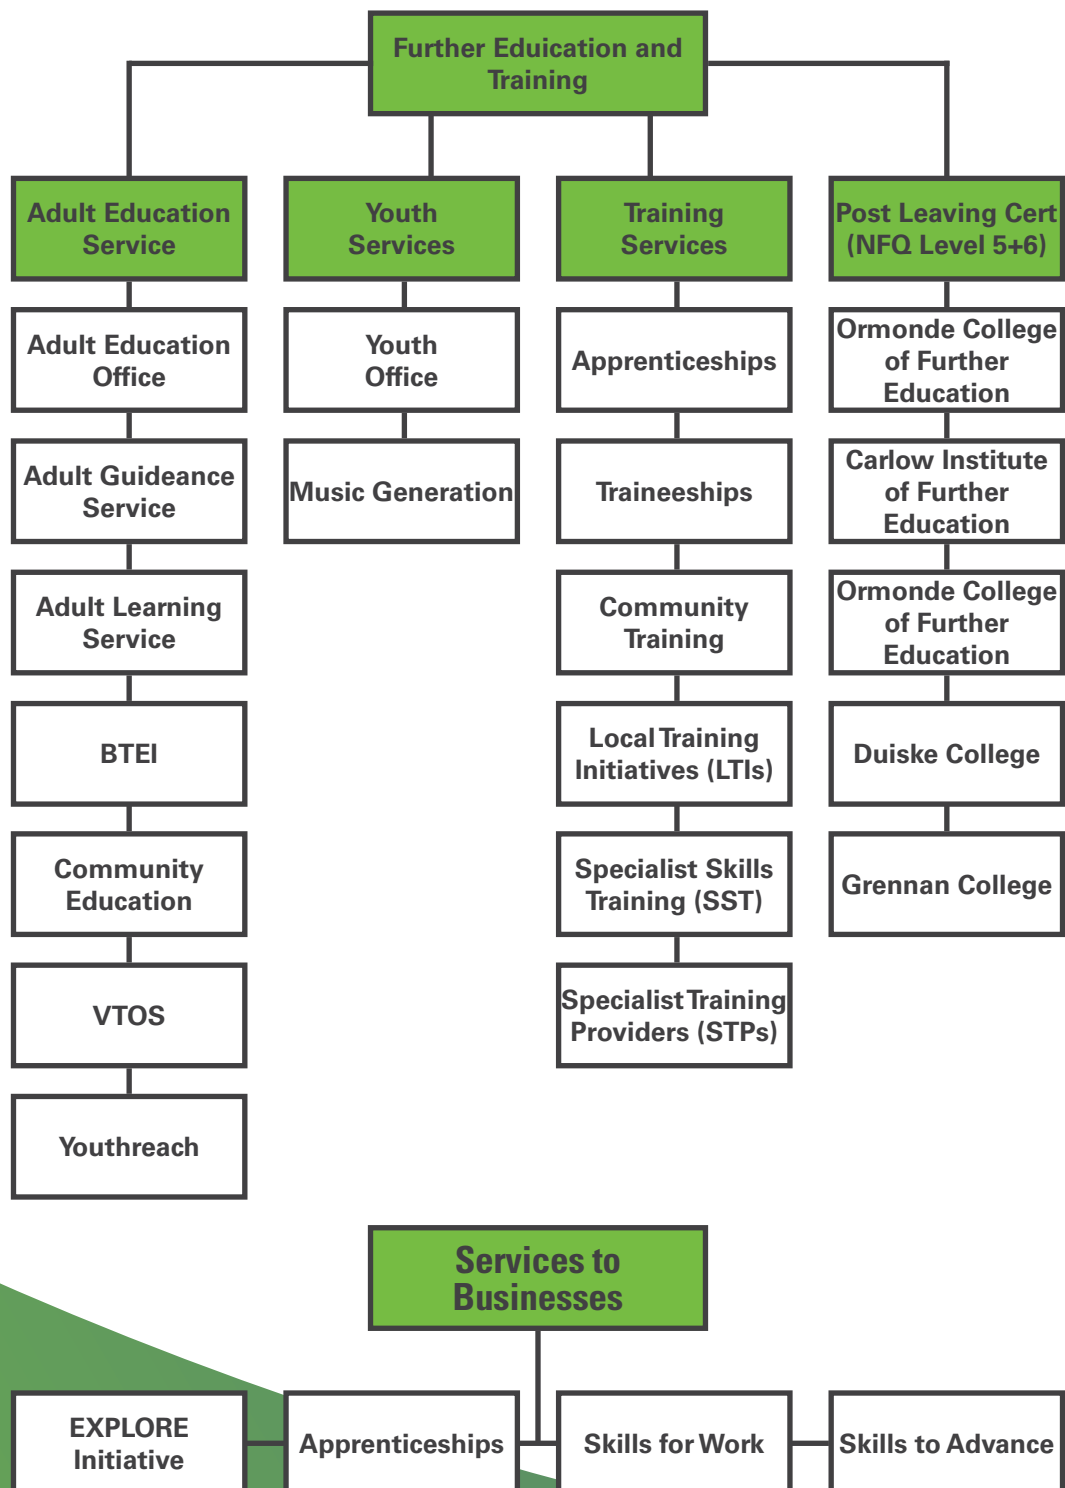

BTEI, Adult Literacy, Youthreach and a number of Training Programmes are co-funded by the Irish Government and the European Social Fund as part of the ESF Programme for Employability Inclusion and Learning 2014-2020.

SERVICES TO BUSINESS

**EDUCATION AND TRAINING OPPORTUNITIES
FOR THOSE IN EMPLOYMENT**

EXPLORE INITIATIVE

SUPPORTING EMPLOYEES IN INDUSTRY

The EXPLORE Initiative is a national funded programme aimed at supporting those in employment. The EXPLORE initiative will assist both employers and employees to build resilience in times of change, engage learners at the beginning of a lifelong learning experience and enhance learner's digital skills. This pre-development programme offers the opportunity to develop digital skills for the workplace and supports improved employee engagement and continuing professional development. It also seeks to support health and wellbeing in the workplace. The programme is run in conjunction with the South East Regional Skills Forum (regionalskills.ie).

Contact Kilkenny and Carlow ETB for more information

056 776 5103

See WWW.FETCHCOURSES.IE for courses

SKILLS FOR WORK

SUPPORTING EMPLOYEES TO UPSKILL

Skills for Work is a national programme to deliver training courses for full time or part time employees. This SOLAS funded programme is particularly targeted at low skilled workers who, without the opportunity to participate in this training, may not have the confidence to embrace change in the workplace. This initiative is funded by the Irish Government under the Department of Education and Skills, and delivered by the Education and Training Boards (ETBs). In general the courses are accredited at QQI Levels 3 or 4. Skills for Work is part of the Government's National Skills strategy. This strategy recognises that the nature of the workplace is constantly changing; work is becoming less routine with a requirement for a workforce that is flexible, continuously learning and capable of personal growth.

Contact Kilkenny and Carlow ETB for more information

056 776 5103

SKILLS TO COMPETE

Supporting Reskilling and Retraining

Skills to Compete is the most recent national initiative to support those who have lost their jobs as a result of COVID-19, to re-enter the workforce. In support of the Programme for Government and the post-COVID recovery plan, the FET sector are prioritising the reskilling and retraining of those unable to return to their previous employment following the COVID-19 crisis. The Skills to Compete initiative, funded through SOLAS is a reskilling and retraining response, which aims to build transversal and digital skills, through the targeted provision of modular based education and training from NFQ levels 4-6, within growth sectors and occupations. Employee skill gaps can be addressed through this targeted modular provision, with the aim of improving the opportunities for employment. It focuses specifically on Level 4-6 courses targeting growth sectors and occupations. The upskilling opportunities will be supported by Kilkenny and Carlow ETB's FET Guidance Services and local INTREO support and activation.

See WWW.FETCHCOURSES.IE for courses available through Kilkenny and Carlow ETB.

SKILLS TO ADVANCE

EMPLOYEE DEVELOPMENT

Skills to Advance is a recent SOLAS funded initiative that offers upskilling and reskilling opportunities to employees, with accreditation at National Framework of Qualifications (NFQ) Level 5 and Level 6. It benefits employees and SMEs through education and training. Additionally, Skills to Advance can assist SMEs in identifying their training needs and provide training to their workforce. Skills to Advance aims to equip employees with the skills to progress in their current job, or to take advantage of new job opportunities. It also offers assistance to employers in developing their workforce. The upskilling and reskilling courses available to employees are highly subsidised depending on existing skill level (www.solas.ie).

Contact Kilkenny and Carlow ETB for more information

087 668 5857

IRISH NATIONAL FRAMEWORK OF QUALIFICATIONS (NFQ)

The National Framework of Qualifications QQI Level (NFQ) fan diagram has 10 levels. NFQ Level 1 and 2 are core skills, NFQ Level 3 and 4 provides bridging skills provision while vocational job-related skills are gained at Level 5 and Level 6 and provide pathways for further education and employment. The major awards at each level are divided into a defined number of minor awards some of which can be combined across NFQ levels and programme types. How you learn, and how your learning is examined for each module is described in the specific learning outcomes (SLOs) of the module descriptor found at the link below. There could be practical exams, skills demonstration, project or a written exam depending on the module and award you are studying. Awards could be studied online, by attendance or by a mixture of both called blended learning.

In order to balance your learning with work

and family life you could gain the required number of modules to achieve a major award over a period of time. Some individual modules are common to many QQ Level 5 Major awards, examples include Work Experience, Work Practice, Communications and Teamworking

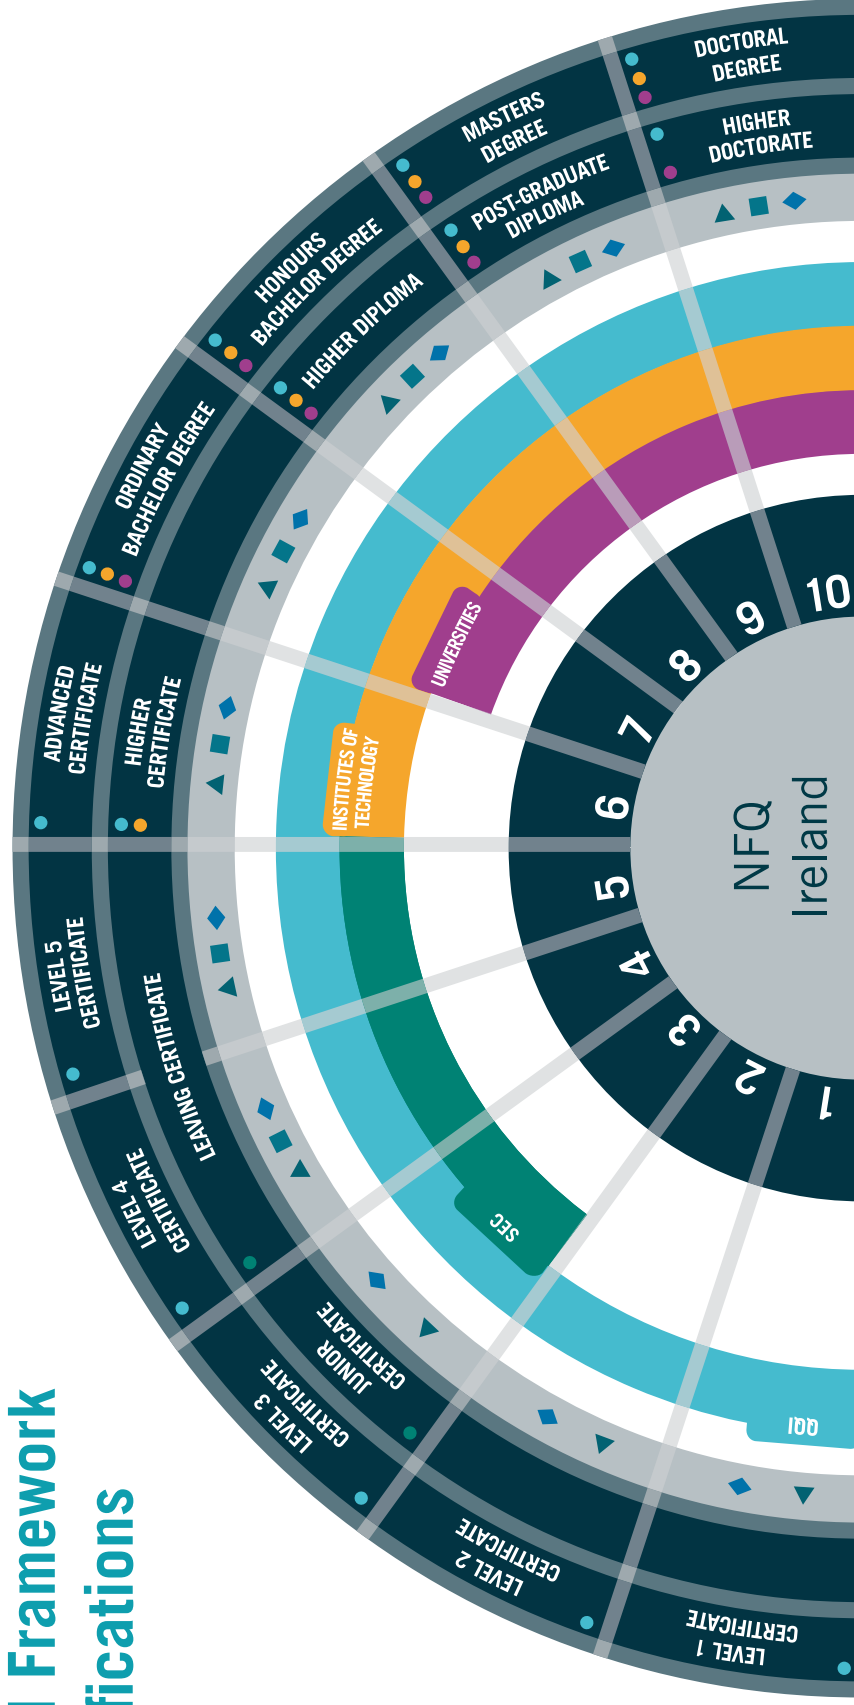

www.nfq.qqi.ie/

In terms of your FET qualification where you study is called an education provider however where you gain your certificate is called a certification body. Examples of education providers could be a BTEI or VTOS centre or Further Education College while examples of certification bodies include QQI/ FETAC or City and Guilds.

www.qqi.ie

National Framework of Qualifications

AWARDING BODIES

- Quality and Qualifications Ireland (QQI) makes awards in further and higher education and training
- SEC - State Examinations Commission (Department of Education and Skills)
- Institutes of Technology
- Universities

AWARDS IN THE FRAMEWORK

There are four classes of award in the National Framework of Qualifications:

- Major Awards:** named in the outer rings, are the principal class of awards made at a level
- Minor Awards:** are for partial completion of the outcomes for a Major Award
- Supplemental Awards:** are for learning that is additional to a Major Award
- Special Purpose Awards:** are for relatively narrow or purpose-specific achievement

FINANCIAL SUPPORTS FOR LEARNERS

FURTHER EDUCATION AND TRAINING (FET)

Back to Education Allowance (BTEA)

Learners on certain DEASP payments can return to full time education on an approved second level (PLC/ FET College) course of education through the Back to education allowance. You must be over 21, on a qualifying social welfare payment and be accepted onto a qualifying course. If you are aged 18-20 years of age, you must be out of formal Education for 2 years. Cost of Education Allowance of €500 per academic year is payable to all BTEA participants with a qualified child payment. Access to the BTEA will be extended to people getting the COVID-19 Pandemic Unemployment Payment (PUP). Ordinarily, you must be getting a qualifying social welfare payment for at least three months before applying for FET College/PLC however this requirement has been waived for recipients of PUP. If you are getting PUP and wish to apply for BTEA, you must transfer to a Jobseeker's payment (or other qualifying payment). Your BTEA rate is linked to your qualifying social welfare rate of payment. All courses must lead to a Quality and Qualifications Ireland (QQI/ FETAC) or equivalent (e.g. City and Guilds) qualification and you must also progress in the NFQ level of qualification.

Childcare Supports

There are two types of subsidies available under the National Childcare Scheme, these are Universal Subsidies and Income Assessed Subsidies. Universal Subsidies are available to all families with children under 3 years old. They are also available to families with children over 3 years who have not yet qualified for the free preschool programme (ECCE). This subsidy is not means tested and provides 50c per hour towards the cost of a registered childcare place for a maximum of 45 hours per week.

Income Assessed Subsidies are available to families with children aged between 24 weeks and 15 years. This subsidy is means tested and will be calculated based on your individual circumstances. Your rate will vary depending on your level of family income, your child's age and educational stage, and the number of children in your family. If you (and your partner, if you have one) are working, studying or training, the maximum number of subsidised hours available per week are 45.

Web: www.ncs.gov.ie/en/types-of-subsidy/

FINANCIAL SUPPORTS FOR LEARNERS

FURTHER EDUCATION AND TRAINING (FET)

Community Training Centre (CTC)

Community Training Centres (CTC) provides training, educational and employment related services for young people in a friendly and informal manner for learners aged between 16 and 21. If you are aged under 18 and attending a Community Training Centre you will get an age-related training allowance. You may be entitled to some of the following

- Training Allowance
- Travel Allowance
- Meal Allowance
- Accommodation Allowance
- National Childcare Scheme

Web: www.carlowyouthtraining.org/

Web: www.keyctc.ie/

Web: www.kcetbtraining.ie/community-training-centres/

ETB Further Education and Training Services

Further Education and Training (FET) training courses in Education and Training Boards (ETB) training centres are free and you may be paid a training allowance for the duration of your course if previously getting a qualifying social welfare payment, such as Jobseeker's Allowance or Jobseeker's Benefit. There is no qualifying period, which means you do not need to have been getting a social welfare payment for a certain period of time. You may be entitled to some of the following;

- Training Allowance
- Travel Allowance
- Meal Allowance
- Accommodation Allowance
- National Childcare Scheme

Web: www.fetchcourses.ie

Web: www.thisisfet.ie

Web: www.ncs.gov.ie/

Local Training Initiatives (LTI)

The Local Training Initiative (LTI) programme provides a range of person-centred services to assist individuals to enter/re-enter the labour market. Initiatives are firmly rooted in the community and encourage people, primarily aged 18 – 35 years of age, who otherwise might not avail of mainstream training to develop their existing skills and learn new skills in an environment that is tailored to their particular local needs to assist in accessing the labour market. The LTI's provide a range of training programmes which lead to Major QQI awards between levels 3, 4 and 5 and as such durations vary based on programme requirements.

Web: www.kilkennycarlow.etb.ie/further-education-and-training/training-services/community/

FINANCIAL SUPPORTS FOR LEARNERS

FURTHER EDUCATION AND TRAINING (FET)

Post Leaving Certificate Participant Contribution (exemptions)

You won't have to pay the Government PLC Levy (fee) on fulltime FET College/ PLC courses if you are an Irish citizen/EU national and are:

- A full medical card holder in your own right, or are the dependent child of a medical card holder
- Eligible under the student grant scheme
- In receipt of either the Back to Education Allowance (BTEA) or Vocational Training Opportunities Scheme (VTOS) allowances

If eligible for this exemption, you will only have to pay the relevant Registration and Examination/Awarding Body fee attached to the course that you are studying.

Web: www.education.ie

Reduced Fees for Certain Social Welfare Recipients

There may be some reduced fees on self-financed ETB Evening Courses. Please check with the provider

Web: www.kilkennycarlow.etb.ie/further-education-and-training/evening-classes/

Web: www.cifet.ie

Web: www.catherines.ie

Web: www.ormondcollege.ie

Student Universal Support Ireland - SUSI

SUSI provides for maintenance only on full-time FET College/PLC courses and does not help with course fee costs. To be eligible for a FET College/ PLC grant you must qualify under several criteria including nationality and residency, be progressing in your education (increasing your NFQ level), attending an approved course in an approved institution. The calculation of your income for grant purposes depends on which class of applicant you are, dependent or independent. Your reckonable income (income calculated for grant purposes) must fall under the specified thresholds and will be a factor in determining what type of funding you could receive. Funding is only available for a certain amount of years and depends on previous education

Web: www.susi.ie/eligibility/

St. Vincent de Paul Education Fund

The SVP Education and Training Bursary Fund has been established to support students of all ages who may financially struggle to access or stay in education and training programmes. Please note, bursary awards are dependent on funding availability.

The contact number for the South East Regional Office is **Tel:** 051 350 725

Web: www.svp.ie/what-we-do/education-grants.aspx

FINANCIAL SUPPORTS FOR LEARNERS

FURTHER EDUCATION AND TRAINING (FET)

Training Support Grant

The TSG fund provides a maximum of €1000 to Jobseekers per year for quick access to short term training or to obtain/ renew certification. Jobseekers/Case Officers can identify work opportunities or immediate skills gap that prevents taking up a job offer for a course not above NFQ Level 6 and which is not otherwise provided by DEASP directly or any other state provider within a reasonable length of time at a convenient location. The training need identified meets both the needs of the jobseeker and the labour market and forms part of the agreed personal progression/action plan to enter or re-enter the labour market. The jobseeker is asked to show reasonable evidence or grounds of need (e.g. job offer/ potential job offer) or to identify a skill gap or a requirement to maintain or achieve accreditation (for example, safe pass, driving licences, HACCP, security industry permits).

Web: www.gov.ie

Useful Websites

Web: www.studentfinance.ie

Web: www.susi.ie

Web: www.citizensinformation.ie

Vocational Training Opportunities Scheme (VTOS)

If you are over 21 years of age, unemployed and getting certain social welfare payments for at least 6 months you can apply for the Vocational Training and Opportunities Scheme (VTOS). You can improve your general level of education, gain certification, skills and prepare for employment, self-employment and further education and training. Courses are full-time awards at Levels 3, 4, 5 and 6 on the National Framework of Qualifications. As a core VTOS student you attend a VTOS centre / Adult Education centre while as a dispersed VTOS student you can attend a Further Education (FE) College/ Post-Leaving Certificate course scheme. Supports available include:

- VTOS Training Allowance
- Travel Allowance
- Meal Allowance
- National Childcare Scheme (NCS)

FINANCIAL SUPPORTS FOR LEARNERS

FURTHER EDUCATION AND TRAINING (FET)

Youthreach

The Youthreach programme provides basic education, personal development, vocational training and work experience. To be eligible for Youthreach you should be between 15 and 20 years of age. You must be unemployed and an early school leaver without any vocational training and who has not attempted the Leaving Certificate. Some exceptions can be made to this rule, for example if you are a lone parent. Courses are free and trainees aged over 16 receive a weekly allowance. You may receive some of the following allowances

- Training Allowance
- Travel Allowance
- Meal Allowance
- National Childcare Scheme

Web: www.kilkennycarlow.etb.ie/youth-services-2/youthreach/

Web: www.citizensinformation.ie

Web: www.ncs.gov.ie/en/

RECOGNITION OF PRIOR LEARNING RPL AND ACCESS TO FET

What NFQ Level Course Should I do?

As a learner you may want a little bit of challenge but not too much. Each FET education provider will have their own way of making sure the course is right for your own level of skills, knowledge and ability. You may have to complete a short interview or a written exercise. Your first step in returning to Education could be to improve skills in computers and communication.

What could help me access a course?

There are many ways to access FET programmes. While balancing family and work life you may prefer to do a course online, evening or part-time. The full range of Education and Training board (ETB) courses available in your local area can be viewed at

www.fetchcourses.ie/

How can I progress after Further Education and Training FET?

After completing your FET qualification you may wish to find a job, pursue self-employment, start an apprenticeship or continue your studies in a third level College.

The Higher Education Links Scheme (HELS) gives learners the opportunity to use their QQI Level 5 or 6 major award to apply, through the CAO, for a place in the first year of a higher education programme.

www.qualifax.ie

Many third level colleges have places reserved for students who gain QQI Level 5 awards and some third level courses require certain FET Level 5 major awards – you can find out more at

www.cao.ie/fetac/fetac_search.php

Some Institutes of Technology allow entry based solely on QQI Level 5 points you can calculate your score at the link below

www.careersportal.ie/qqi/

How can my previous learning be recognised?

Some education providers work with applicants, accrediting bodies and employers for the purposes of Recognition of Prior Learning (RPL). The RPL process allows for learning to be recognised and validated. RPL or RPAL (Recognition of Prior Accredited Learning) may lead to exemptions from studying some modules on a course and gaining accreditation for previous learning. Participation in the RPL process offers the learner opportunities for access, transfer and progression onto and across programmes in Further Education and Training, Kilkenny and Carlow ETB. Find further information at link below

APPRENTICESHIPS

AN APPRENTICESHIP IS THE RECOGNISED WAY TO TRAIN IN A CRAFT TRADE OR FOR CERTAIN PROFESSIONS.

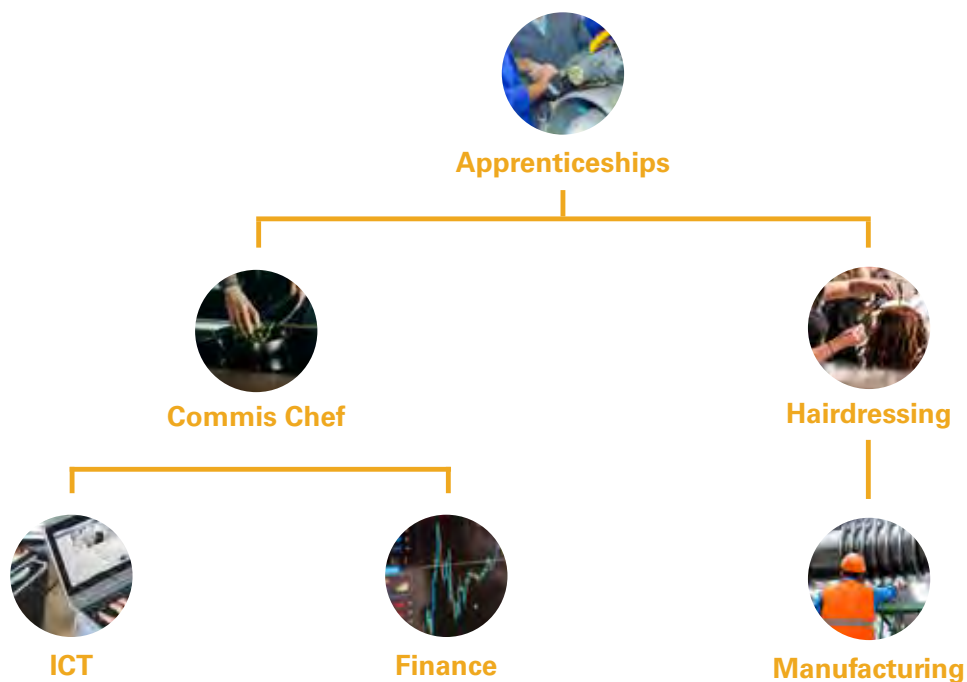

CRAFT APPRENTICESHIPS

A craft apprenticeship will generally last for 4 years, and some examples include carpentry, plumbing, motor mechanics and electrical apprenticeships.

CONSTRUCTION	ELECTRICAL	ENGINEERING	MOTOR
Brick and Stone Laying	Aircraft Mechanics	Toolmaking	Motor Mechanics
Carpentry	Electronic Systems	Pipefitting	Vehicle Body Repairs
Painting and Decorating	Instrumentation	Industrial Insulation	Mechanics

NEW APPRENTICESHIPS

New Apprenticeships have been developed in recent years, lasting 2-4 years and some examples are in the biopharmachem, finance, hospitality, ICT, logistics, sales, and hair industries. For more information please go to www.apprenticeships.ie

APPRENTICESHIP FEES / PAYMENTS

Generally, an apprentice does not pay fees. However, apprentices pay a pro-rata registration fee (student contribution) if their off-the-job training takes place within a Higher Education Institute such as an Institute of Technology. The registration fee is generally based on the amount of time the apprentice spends in the Higher Education Institute. You can find information about the pro-rata registration fee on apprenticeship.ie.

- Apprentices are not eligible for the student grant.
- Rates of apprenticeship wages/allowances can vary depending on the type of apprenticeship and the industry chosen.
- Apprenticeships developed before 2016: while you are training on the job, your employer will pay you a recommended apprenticeship wage. The ETB pay a weekly allowance equivalent to that wage while you are training off the job. In some cases, the ETB will contribute to your travel and accommodation costs.
- Apprenticeships developed in 2016 and after: Your employer will pay you for the duration of the apprenticeship. The rate of pay is agreed between you and your employer.
- Further information on apprenticeship wages/allowances is available on www.apprenticeship.ie

The current list of apprenticeships is on 23rd June 2020 is available on www.apprenticeship.ie

SPOTLIGHT ON:

COMPUTER SKILLS

My name is John and having spent the past three years attending VTOS I am currently beginning my first year of third level education. I will be attending Carlow IOT to study software development

I began my return to education in 2017 when I attended VTOS. While there I achieved the following: Q.Q.I. Level 5 Certificate in Information Processing a Major Award, Q.Q.I. Level 5 Cert in eBusiness & Web Authoring a Major Award and a City & Guilds Level 2 Award for IT Users.

Before returning to education I had only completed my Junior Certificate having left school early to start an apprenticeship in carpentry.

I began my return to education in 2017 when I attended VTOS. While there I achieved the following: Q.Q.I. Level 5 Cert in information Processing, Q.Q.I. Level 5 Cert in eBusiness and Web Authoring and a City and Guilds Level 2 Award for IT Users.

Having been out of education for several years, it was a challenge returning to a classroom environment and finding time to fit in assignments around the day to day of life but over time this were no longer as challenging as it was at first.

I have always had an interest in computing

but never had an opportunity to study or learn more about it. Having attended VTOS it gave me the chance to learn more about computer hardware, software packages and how they work.

I have learned how to create and manage spreadsheets and databases along with other applications of the Microsoft Office Suite and general IT Skills. I also learned about HTML and CSS through the Web Authoring class.

My next step is starting first year in Carlow IOT where I will be studying Software Development.

I would advise anyone thinking of returning to education to go for it. Find a course or a subject that interests you, this should help ease you back into a classroom environment and make the studying and learning more worthwhile.

SPOTLIGHT ON POST LEAVING CERTIFICATE:

FURNITURE DESIGN AND MAKING

My name is Samson and I have just accepted a CAO offer to study a Higher Education Level 7 Award in Timber Product Technology at Technological University of Dublin (TUD). I also run a family hair saloon business.

My Father was a local carpenter and he taught me the basics of using hand-tools to cut and shape wood into pieces of furniture. Since then it was always my dream to become a professional furniture maker. In recent years I have been carrying out home repairs, restoring old furniture and customised furniture for homes of friends and family.

After several appointments with an Adult Education Guidance Counsellor I decided to follow my passion and started a QQI Level 5 in Furniture Design and Making at Kilkenny and Carlow ETB Carlow Institute of Further Education and Training (CIFET). Here, I gained core skills such as wood turning on a lathe, making lamps and mirror frames. Computer design and technical design skills were also developed while the valuable business communication skills I learned are used on a daily basis. My next step was to study a QQI Level 6 in advanced Furniture Design and Making in Dún Laoghaire Further Education Institute (DFEI). Here I gained valuable skills in antique furniture restoration, polishing, dying and spraying, freehand drawing as well as Computer Aided Design (CAD). Extended time in the workshop allowed me to knowledge and experience of cutting and machinery used in furniture manufacture.

Returning to Education has helped to channel me towards my long-time desired discipline.

I have gained great confidence in handling wood based materials and tools so that I know that I can meet the customers' demands in every sense.

After completion of my degree I would like you find a full time job as a Furniture maker and designer where I custom design furniture for clients or set up my own business. In terms of self-employment a QQI Level 5 Security Studies course I studied in Kilkenny and Carlow ETB Ormonde College, Kilkenny in 2010 gave me valuable skills in legal studies, customer service, behavioural studies and safety and health at work.

Finance and time have been the two greatest challenges in my learning journey to date. If not for the help of the Education Fund with St. Vincent De Paul it would have been difficult to achieve the Dublin Based awards particularly in terms of Transport costs.

Nothing is too late to be done; knowledge is the key to success, courage, perseverance and focus can bring you closer to your dreams even more quickly than you realise it. Even when I'm tired and almost giving up I think of the time and energy that I have invested and how this profession will make my life easier by giving me a sense of satisfaction and belonging.

Local Enterprise Board Kilkenny Kilkenny County Council

County Hall, John Street,
Kilkenny City, R95 A39T

Tel: 056 775 2662

Email: info@leo.kilkennycoco.ie

The LEO Start your Own Business programme focuses on:

- Anyone with a business idea they want to develop
- Anyone looking at self-employment as a realistic career option
- Anyone who has recently started a business

The programme will guide you through the various aspects of business and business planning. The objective is to assist you in assessing your idea, its viability and to decide if you should proceed or take a step back.

Programme Modules:

The following is the typical content and breakdown of a Start your own Business training programme.

Modules include:

- Starting up / getting started
- Identifying, understanding and researching your target market
- Tax, law and insurance
- Financial planning (pricing, costing)
- Sources of funding
- Promoting your business
- Sales and service
- Basic bookkeeping
- Developing your Business Plan

Business Idea Generation Workshops

Training Aim: To give the participants an understanding of what innovation is. This workshop aims to explain some of the key innovation and creative thinking tools; show how they work and how to use them. The participants will leave with samples, examples and 'how to' so they can become practical innovators.

Forward Steps Family Resource centre works in partnership and collaboration with many local groups and organisations to provide a broad range of services, supports and programmes in the local community. The project facilitates multi-cultural community and needs based education and training opportunities for a broad geographic area through the Kilkenny and Carlow ETB. In addition, the project facilitates Kilkenny and Carlow ETB to provide an Adult Education guidance outreach service. A Traveller women's group, Multi-cultural group and Syrian families and Refugees participate in centre activities while parent and toddler group and parental support is provided on an outreach basis through TUSLA Parenting Champion. Therapeutic services include Rainbows programme for children, Parents Plus, Play Therapy, Art Therapy, and adult counselling. Our early years' service Little Steps provide play school, after schools and homework support as well as additional support to Parents. Other groups, organisations and agencies and Health services deliver services and supports through the use of our rooms and facilities.

KRSP – Kilkenny Recreation and Sports Partnership

John's Green House, John's Green, Kilkenny, R95 CX92

Tel: 056 779 4991

Email: info@krsp.ie

Web: www.krsp.ie/wp-content/uploads/2011/10/KRSP-Strategic-Plan-2015-2019.pdf

Kilkenny Recreation and Sports Partnership (KRSP) was established by the Irish Sports Council (Sport Ireland) as a Local Sports Partnership in 2004 to plan, lead and co-ordinate the development of sport and physical activity in County Kilkenny. KRSP strives to achieve this through working closely with sporting bodies, community and voluntary groups and statutory agencies

KRSP provides a leadership role for the coordination, development and delivery of sports and physical activity opportunities in Kilkenny. Our work is categorised into three main functions – the provision of information, the facilitation of education and training opportunities and the development and implementation of programmes and events that encourage increased levels of participation.

While we seek to support and increase participation by all Kilkenny people in sport and physical activity, KRSP will focus on children, young people, women and teenage girls, people who are unemployed and sedentary adults. Priority will be given to supporting those with low levels of participation due to additional barriers such as People with a Disability, Disadvantaged Communities, Ethnic Minorities and Older Adults.

Significant partnerships have been developed with local key stakeholders including: Kilkenny County Council, local schools, the HSE, Family Resource Centres, Youth Organisations, County Kilkenny Leader Partnership, Trail Kilkenny, Kilkenny Traveller Integration Group, County Kilkenny Age Friendly Alliance, Smarter Travel in addition to sports groups and clubs and National Governing Bodies. This is fundamental to the capacity of KRSP to deliver and support a range of participation programmes and events.

Kilkenny Talking Newspaper Association for the Blind was founded in October 1992 and is a registered charity. The first edition was recorded on 12 May 1993. Any person who is registered with the National Council for the Blind can receive the usb key. To receive a usb key, contact the Community Resource Worker for the Blind and Visually impaired. The Association is made up of volunteers who meet on a weekly basis to record the usb keys. The keys are recorded at the National Council for the Blind and are sent Freepost courtesy of An Post that night. The service is completely free of charge.

Volunteers are needed to edit, record and read the paper. If interested, please contact us

Kingsriver Community

Ennisnag, Stonyford, Co. Kilkenny

Tel: 056 7728234

Email: info@kingsriver.ie

Kingsriver Community Kilkenny provides residential and day services including quality person centred, opportunities in a range of areas including woodwork, arts and craft, health related exercise, independent living skills and horticulture. All programmes are developed in response to the identified needs of those attending on a daily basis and our core group of residents. Programmes are validated and lead to awards by QQI.

- The community provides a safe and comfortable living environment, a warm and welcoming atmosphere in a life-sharing model.
- Creating an environment where all members of the household are valued equally.
- Providing a range of activities and experiences that enable each person to develop and reach their full potential.
- Supporting each person to be active in the local and wider community.

K.I.T.E. Service

Mary Mulrooney, Service Manager

Tel: 056 771 2913 / 771 2883

The K.I.T.E. service is a H.S.E. outreach support service for adults with a diagnosis of Autism Spectrum Disorder. K.I.T.E.'s remit covers the areas of Carlow, Kilkenny and South Tipperary.

KITE provides supports to adults between the ages of 18 and 65 years through its day and outreach support services.

KITE Autism Service objectives are to recognise:

- The Individuality of each person with Autism
- Their right and capacity to benefit from education, training, work and to participate in society
- Their right to live a satisfying and happy life in the community in a supporting and stimulating environment.

K.I.T.E.'s role includes the provision of support, guidance and training to service providers in the development and delivery of services to adults with a diagnosis of Autism Spectrum Disorder. The service also offers direct services to adults with high functioning autism / Asperger's syndrome through the provision of focused training programmes in areas such as social skills development, stress management, anger management, independent living skills and self-organisation. K.I.T.E. provides social support evening programmes and person-centred, individual support programmes at times of transition or challenge in a service user's life.

The Local Youth Club Grant Scheme (LYCGS) supports volunteer-led youth club/group activities at a local level. Funding for the Scheme is provided by the Department of Children and Youth Affairs (DCYA) and is administered locally by Education and Training Boards (ETBs) on behalf of DCYA.

The Scheme supports voluntary youth club/ group activities for young people; with priority given to clubs/groups catering for young people aged 10–21. The primary focus of the Scheme is to assist local, volunteer-led youth clubs/ groups that provide a programme of youth work activities for young people. In addition, other clubs/groups that work with young people, but are not specifically providing youth work, are also entitled to apply for funding under the Scheme.

- Adult Dependent Allowance for 6 months or more.
- Disability Allowance for 6 months or more.
- Invalidity Pension

Web: www.trailkilkenny.ie

Four cycle trails have been developed by Trail Kilkenny

East Kilkenny Cycle Route 64 km

This route is a scenic cycling route linking the most historic and culturally significant towns in east Kilkenny. The towns are perfectly placed along the route to stop for lunch or a cup of coffee. The route uses quiet roads and laneways and provides stunning views of Brandon Hill, the River Barrow and the River Nore.

North Kilkenny Cycle Loop 27 km

Starting point: The Parade, Kilkenny and taking you via Dunmore and Castlecomer and back to Kilkenny City.

South Kilkenny Loop 41 km

Starting point: The Parade Kilkenny, taking you via Bennettsbridge and Kells, and back to the Kilkenny city.

North Kilkenny Cycle Route 82 km

This route is the most challenging in the Trail Kilkenny portfolio of cycling trails. It winds its way through rural North Kilkenny bringing the cyclist through beautiful villages like Freshford and Castlecomer.

SPOTLIGHT ON:

HEALTH / NUTRITION

My name is Ivan and currently I am in preparation to return to Carlow Institute of Technology to begin my second year of a Third Level course, Higher Certificate in Physiology and Health Science.

When I began my return to education back in 2011, I had been out of a classroom for 14 years. I signed up for a part-time Horticulture course which was ran by the BTEI. It gave me the opportunity to re-familiarise myself back into a classroom setting, but this time as an Adult. I had left Secondary School after completing my Junior Certificate, because I felt school wasn't for me.

To date, I have achieved QQI modules in Level 3 and 4 in Horticulture, a QQI Level 5 module in Landscaping. I have a full QQI Level 5 Major Award in Healthcare Support, all through BTEI. In recent weeks, I have gained a QQI Level 5 Certificate in Nutrition, learning remotely through an online course.

Over time I have had some personal challenges in my learning journey, such as my inability to focus on study at times or to try fit study sessions in my daily schedule. Returning to full time education can also be difficult from a financial point of view, knowing what funding to apply for and also the lack of a good transport network and service around the counties of Kilkenny and Carlow makes it difficult to access education and work.

In returning to learning, I have broadened my prospects to get a full time job. I worked as a part-time Healthcare Assistant in a Centre for Adults with Intellectual Disabilities for three and a half years prior to applying for my current course. If I hadn't returned to education in 2011 and gained qualifications I wouldn't have been offered that job in S.O.S.

I have developed my team working skills, communication skills and timekeeping skills since returning to Adult Education. I also qualified as a First Aid Responder, which I feel was essential to gaining employment in healthcare.

Looking towards the future, I would like to complete the second year of this third level course, with an option to continue for a further two years to qualify in such occupations as Sports Scientist, Strength and Conditioning Coach or Sports Rehabilitation and Athletic Therapist.

In my experience, returning to education in my late twenties was a benefit. It was very different from my school days, in Adult Education the tutors treat you as such, like an adult. It is a great way of meeting new people, who have similar interests.

- Interpersonal Communications (p/t) *

Flexible Training

Moving you on from basic communication skills, this course considers key communication areas in depth to help you become more confident in the workplace as well as more effective.

Interpersonal Communications lasts between 20 - 30 hours and is provided in an e-learning format so you can learn at home, at a pace to suit you. Every Pitman Training centre also has Course Advisors, so there is always additional support on hand should you feel it necessary.

The course is highly practical in nature – it is packed with hints and tips to solve real-life work problems including quizzes to help reinforce your learning as you go.

Facebook Page: Involvement Centre Carlow
Open: Monday to Friday 10.30 am to 1.30 pm.

The Involvement Centre is a peer led recovery focused space run by volunteers. It offers a warm, welcoming place, in which mental health difficulties are understood to be part of life and are accepted in a non-judgmental way. People can drop in for a cup of tea, a chat and get involved. Volunteers and visitors to the centre develop the programmes and activities in line with the expressed needs of those who visit the centre. The Centre facilitated different activities before COVID 19 such as Music groups, Movie Club, Creative Writing Group, Crocheting and Personal Development Recovery Programmes and plan to run these activities in the future under COVID 19 guidelines.

New Frontiers is a three-phase programme, consisting of practical and interactive workshops, personalised one-to-one mentoring, financial support and co-working space.

SELF EMPLOYED / ENTREPRENEURSHIP

Self Employed

Introduction

If you are thinking of setting up a business there are a number of issues you need to consider. Different supports and regulations apply, depending on your particular situation. You may be employed, unemployed or someone who is coming from outside Ireland to set up a business.

The Local Enterprise Office provide supports to local businesses that are starting up or in development. Their role is to stimulate economic activity at local level and to promote microenterprises (10 or fewer employees). You can find information about their training programmes and start your own business courses as well as mentoring and financial supports on localenterprise.ie.

Training Supports

To assist the small business community in meeting the challenges of the business world, LEOs provide a wide range of high-quality training supports which are tailored to meet specific business requirements. Whether it is starting a business or growing a business there is something suitable for everyone.

Start your own Business Course

Start Your Own Business Aims:

It is important to plan in advance of setting up a business. Preparation is the single most important thing you can do to ensure your fledgling business gets off the ground and continues flying.

Key Issues Include:

- Is your business idea viable?
- Can you develop a competitive and sustainable enterprise?
- Are you prepared to take the risk?
- What skills do you require to achieve your objectives?

Who Should Attend?

The LEO SYOB programme focuses on:

- Anyone with a business idea they want to develop
- Anyone looking at self-employment as a realistic career option
- Anyone who has recently started a business

The programme will guide you through the various aspects of business and business planning. The objective is to assist you in assessing your idea, its viability and to decide if you should proceed or take a step back.

Programme Modules:

The following is the typical content and breakdown of a Start Your Own Business training programme

Modules include:

- Starting up / getting started
- Identifying, understanding and researching your target market
- Tax, law and insurance
- Financial planning (pricing, costing)
- Sources of funding
- Promoting your business
- Sales and service
- Basic bookkeeping
- Developing your Business Plan

Funding and Grants

The Enterprise Support Grant is available to assist eligible self-employed recipients who close their COVID-19 Pandemic Unemployment Payment on or after 18 May 2020.

This will provide business owners with a once-off grant of up to €1,000 to restart their business which was closed due to the COVID-19 pandemic.

How to qualify

The Grant will be awarded to self-employed people who:

- are tax and PRSI compliant
- are not liable for commercial rates
- have been in receipt of the COVID-19 Pandemic Unemployment Payment and have closed their claim on or after 18 May 2020
- have reopened their business which was closed due to the pandemic
- employ less than 10 people
- have an annual turnover of less than €1 million

SELF EMPLOYED / ENTREPRENEURSHIP

- are not eligible for the COVID-19 Business Restart Grant or similar COVID-19 business restart grants from other government departments
- can produce VAT receipts/invoices in respect of business restart costs and expenses claimed, if requested to do so by the department:
www.gov.ie/

Feasibility Study Grants are designed to assist the promoter with researching market demand for a product or service and examining its sustainability.

It includes assistance with innovation including specific consultancy requirements, hiring of expertise from third level colleges private specialists, design and prototype development.

The maximum Feasibility Study Grant payable for the SandE Region shall be 50% of the investment or €15,000 whichever is the lesser. The maximum Feasibility Study Grant payable for the BMW Region shall be 60% of the investment or €15,000 whichever is the lesser.

Expenditure may be considered under the following headings:

- Market Research
- Consultancy Costs
- Technical Development/Prototype/Innovation
- Salary/Own Labour Research
- Miscellaneous Costs

A Priming Grant is a business start-up grant, available to micro enterprises within the first 18 months of start-up.

Priming grants may be available for sole traders, partnerships or limited companies that fulfil the following criteria:

- Located and operating within the LEO's geographic area
- A business which on growth will fit the Enterprise Ireland portfolio
- A business employing up to 10 employees
- A manufacturing or internationally traded services business
- A domestically traded service business with the potential to trade internationally
- Need for money and having regard to deadweight and displacement

Eligible clients may be awarded a Priming Grant within the first eighteen months of setting up the business.

The maximum Priming Grant payable shall be 50% of the investment or €150,000 whichever is the lesser.

Expenditure may be considered under the following headings:

- Capital items
- Salary costs
- Consultancy/Innovation/Marketing costs
- General overhead costs

All grants of a value greater than or equal to €50,000 or with a cumulative value of €100,000 over three years require Enterprise Ireland Approval. Grants over €80,000 and up to €150,000 shall be the exception and shall only apply in the case of projects that clearly demonstrate a potential to graduate to Enterprise Ireland. In all other cases, the maximum grant shall be 50% of the investment or €80,000 whichever is the lesser. Subject to the 50% limit, a maximum grant of €15,000 per full time job created shall apply in respect of any employment support granted.

The Business Expansion grant is designed to assist the business in its growth phase after the initial 18 month start-up period.

Business Expansion grants may be awarded to sole traders, partnerships or limited companies that fulfil the following criteria:

- Located and operating within the LEO geographic area
- A business, which, on growth, will have the capacity to progress to the Enterprise Ireland portfolio
- A business employing up to 10 employees
- A manufacturing or internationally traded service business
- A domestically traded service business with the potential to trade internationally.

The maximum Business Expansion Grant payable shall be 50% of the investment or €150,000 whichever is the lesser.

Expenditure may be considered under the following headings:

SELF-EMPLOYMENT / ENTREPRENEURSHIP

SELF EMPLOYED / ENTREPRENEURSHIP

- Capital items
- Salary costs
- Consultancy/Innovation/Marketing costs
- General overhead costs

Grants over €80,000 and up to €150,000 shall be the exception and shall only apply in the case of projects that clearly demonstrate a potential to graduate to Enterprise Ireland and/or to export internationally. In all other cases, the maximum grant shall be 50% of the investment or €80,000 whichever is the lesser. Subject to the 50% limit, a maximum grant of €15,000 per full time job created shall apply in respect of any employment support granted.

All grants of a value greater than or equal to €50,000 or with a cumulative value of €100,000 over three years require Enterprise Ireland Approval

Entrepreneurship

Entrepreneurship is of growing importance to the economy and society in general because it deals with innovation, problem solving and wealth creation all really important factors for developing economies and societies in general.

Entrepreneurs can change the way we live and work. If successful, their innovations may improve our standard of living, create wealth and jobs as well as the conditions for a prosperous society.

The Initium South East Programme includes:

The Initium South East project is an innovative series of start-up programmes led by the southeast LEOs, Enterprise Ireland and the Ireland South East Offices, in partnership with South East BIC and IT Carlow. It aims to animate, develop and support the creation of 40 new specialised start-up companies in the southeast.

- 2 Day Boot Camp
- 3 Mentoring Sessions

- Industry Champion and Networking
- Business Supports and funding applications

On completion of the Initium South East programme companies will be able to decide whether to start your own business or if their concept needs further refinement and supports for both paths will be provided. Initium South East can help progress both concepts and companies in various areas;

ICT, Visualisation, Technology and Software; Engineering; Financial Services; Life Sciences as well as Talent Opportunity and Intrapreneurship.

Springboard and Entrepreneurs Programme

Duration: 18 weeks

Study mode: Virtual learning

Cost: Free to eligible applicants

About the programme

The Springboard+ Entrepreneurs Programme leading to an Advanced Certificate in Management Practice in conjunction with Ulster University has been specifically designed for individuals at the very early stage of forming a business.

To date, over 200 budding entrepreneurs and "Returners" have chosen this programme!

Including modules in "The Future of Work", "Resilience for Entrepreneurs", "Refining Your Business Idea" and "Developing Your Online Presence", the programme will assist budding entrepreneurs as you develop from a seedling idea to a fully functioning business, ensuring you have a well thought out and actionable business plan and are equipped with practical and usable skills to enable you to grow your business.

SELF-EMPLOYMENT / ENTREPRENEURSHIP

SELF EMPLOYED / ENTREPRENEURSHIP

The programme will take place 2 mornings per week over 18 weeks. Classes will be held online and delivered live to ensure an interactive and engaging learning environment.

Course Content:

- Presenting Your Best Self
- Personal Effectiveness (accredited module)
- Strategy – Refining Your Business Idea
- Managing the Marketing Funnel
- Selling Online – Developing Your Online Presence
- Driving Customer Traffic
- The Future of Work (accredited module)
- Resilience for Entrepreneurs

- Sales and Negotiation
- Finance for Start-Ups
- Management Project (accredited module)

Eligibility

Whilst the programme has been specifically designed for individuals at the very early stage of forming a business, it is available to both those already in employment and those who are out of work, whether in receipt of unemployment benefit or having been out of the workforce for some time, once they meet the university's entry level requirements.

Bricks 4 Kidz

Bricks 4 Kidz provides a comprehensive suite of STEM based programmes through LEGO® construction builds to preschools, primary and secondary schools. Science, Technology, Engineering and Maths (STEM) is prominent in education and is important because it plays a vital role in our everyday lives.

- Science allows us to explore, investigate and develop an understanding of life.
- Technology is human knowledge which involves tools, materials and systems.
- Engineering is using skills to solve technical problems to design and build things.
- Maths gives us the opportunity to utilize and develop skills as we estimate, count and measure.

Kealan Tyrrell

Email: ktyrrell@bricks4kidz.com

Bricks 4 Kidz is a Science Foundation Ireland Discover Centre that provides LEGO and LEGO Technic and robotics based programmes specifically designed for children, adults and seniors.

We run in-school and after school workshops, camps and birthday parties for children aged 5-12. We have a range of different themes to choose from to suit children's individual interests.

Our Bricks 4 Seniors programme provides unique LEGO based workshops for nursing home settings that combine stimulating and engaging experiences for residents. Building with LEGO bricks is an excellent way to stimulate the brain and improve dexterity.

Our project kits have been specifically designed to suit the needs of seniors with larger bricks and magnified images that guide seniors through each step of the building process. We also provide fun, challenging team building activities for groups of adults that fosters a creative, fun and collaborative team building exercise.

TRAINEESHIPS

WHAT IS A TRAINEESHIP?

A Career Traineeship is a learning model that combines classroom based learning with work-based learning within a supportive working environment.

OBJECTIVES OF TRAINEESHIP

- To meet the skill needs of specific sectors and local employers.
- To provide trainees with the opportunity to achieve recognised accreditation and progress their career pathway ambitions within an industry sector.

WHAT ARE THE BENEFITS FOR YOU?

By successfully completing a traineeship, you will:

- Improve your employment prospects by gaining skills required in the workplace.
- Gain relevant work experience for your career.
- Have opportunities to build employer contacts.
- Be awarded an industry recognised qualification on the National Framework of Qualification.

KEY FEATURES OF A TRAINEESHIP

- Programmes are full-time.
- Social Welfare recipients will maintain their current payments, paid as a training allowance.
- Those aged between 18 and 25 may be eligible for an additional payment of €90 per week.
- Accreditation is at levels 4 and 5 on the NFQ.
- Programmes are structured around identified career pathways.
- Programmes are demand led – they address the skill needs of a sector.
- Partnership between Kilkenny and Carlow ETB and industry is central to its success.
- 70% of places are reserved for people on the live register (JSA/JSB). 30% of places can be offered to other interested applicants e.g. school leavers.

TRAINEESHIPS AVAILABLE

- Office Administration • Culinary Skills • Hospitality • Healthcare Support

For further information on Traineeships, please contact:

SPOTLIGHT ON:

TRAINEESHIP (OFFICE ADMINISTRATION)

My name is Denise and I am in my thirties. I'm the mother of three children and I worked in the area of retail.

I also completed a QQI Level 6 course in BeautyTherapy and worked in this area before the salon closed.

I completed a twelve-week computer course. Then I was assigned a DEASP Case Officer who gave me the information in relation to fetch courses. I was interested in looking online for computer and office courses.

I also heard about the Kilkenny and Carlow Education and Training Board Office Administration Course. A friend of mine completed the course and started a job working as a Medical Secretary in a hospital. My Case Officer applied for a place on the course for me.

I received an acknowledgement that I'd applied for the course. I was then invited to attend an group interview session which gave me information on the course. I also had one to one meetings where I found out more information.

The course was based in Carlow town. The benefits of the course included gaining work experience, I got to participate in the classroom environment and the work environment. The course helped with childcare supports, and I got advice on what to apply for, while doing the course.

I applied for jobs near the end of the course. Whatever you learn on the course, you can use it in any field. I love my job and everything with it.

As part of the course, we covered communications, which included team building. We also learnt typing and more

computer skills. We learnt different types of software packages. When you're doing the course, you get deadlines for assignments and that gives you experience. We were all flying it by the end of the course.

The qualification received from my course was QQI Level 5 Office Administration. There is a choice to study medical, legal or finance. I choose to study in the medical area.

I attended job interviews and was offered the jobs. I choose to work with Kilkenny and Carlow Education and Training Board in the Training Services. My role is working as an Office Assistant, contracted Co-ordinator and the Quality Officer. My job included working with learner referrals for the courses, compiling documents to support learners, using software packages and answering queries about Traineeships.

I was asked to speak with a group of learners and to give the information about Traineeships. As I had completed the course, I feel connected to the learners. One lady was inspired to complete the course, when she heard about my positive experience from completing a Traineeship.

Don't even think about it, just go for it. If you are applying for jobs and getting nowhere, apply for a course where you will get to learn a new skill which will benefit you in the future and also you will get to meet new people with similar interests as you.

You may apply online for traineeships that are advertised in your local area. Just check the eligibility section online, to see what the requirements are. To apply for a traineeship, you can search available opportunities on fetch courses. To register go to www.fetchcourses.ie

Volunteer Tutors help adults learn reading and writing for one hour per week. Full induction is provided so you do not need any specific qualifications just an interest in passing on the joy of reading to others.

The Carlow Volunteer Centre

The Carlow Volunteer Centre is an independent organisation, forming part of a network of Volunteer Centres and Volunteer Information Services across the country.

Three Steps to Volunteering:

1. Contact the Carlow Volunteer Centre to make an appointment with one of the team. Volunteers can also register online at www.volunteercarlow.ie
2. At your appointment, you will be advised of the different volunteering opportunities available and helped in identifying a volunteer role of interest to you.

3. You will be put in touch with your chosen organisation so you can get started on volunteering.

Training / Courses

Some of the courses the Carlow Volunteer Centre provide throughout the year are listed below. They are at different times and these courses along with others that are requested by volunteers/ Volunteer involving organisations are advertised on their social media platforms:

- Volunteer management training
- Garda vetting training
- Good Governance – Governance code
- Preparing an annual report
- Monthly virtual coffee mornings where volunteers and Voluntary organisations can have any queries answered.

"In Carlow Volunteer Centre we are passionate about volunteering and Carlow County is a great place to volunteer. Volunteering enriches communities, gives volunteers an opportunity to develop personally, and puts giving at the heart of how we all live."

FETCHCOURSES

WWW.FETCHCOURSES.IE

FET or Further Education and Training covers education and training that occurs after second level and is not part of higher education (often called Third Level education). There are a number of providers of Further and Adult Education and Training and a wide variety of schools, organisations and institutions are involved in the delivery of continuing education and training for young school leavers and adults, both in and out of work.

www.fetchcourses.ie is the course finder website for Further Education and Training Courses. The website which went live in April 2016 allows users to search by location, category and keyword. The Course Finder details at a glance, the name, location, start date and whether full time or part time. Specific course details can be accessed by clicking on the course title.

www.fetchcourses.ie also gives information on grants and allowances available to prospective learners.
